- **Your child's space in a session is secured once the \$100 non-refundable deposit has been processed.** There is a one-time CircuiTree processing fee of \$4.50 per camper that will be added when you register.
- You can register multiple children in a family at the same time if they are in the same grade group and gender of an open or previously opened registration time slot.
- We recommend having a backup session as an option as many sessions typically fill quickly.

- Please only register for one session.
- Roommate requests is an additional step to be completed in your [account dashboard](#) after securing your camper's space in a session. This step does not have to be completed at the time of registration.
- Optional water sports enrollment is an additional step to be completed at a later date. Registered families will receive an email with details of this process.

**A few items you can check in advance:**

- You can [sign in to your account](#) to make sure you remember your password. Click the "forgot password" link to reset.
- Once you are signed into [your account](#), click your initials in the upper right corner and select "my family." This will allow you to make sure all the information of your camper is correct and/or add a new camper.
- You can check your payment method on file to make sure it is not expired.

**We plan to keep our scheduled registration times for next week, even with the potential for winter weather in parts of North Carolina & Virginia. We will communicate any updates if plans change.**
